

# STOP THE THREAT™

STOP THE THREAT™

## WINCHESTER® SUPREME ELITE® PDX1™ AMMUNITION FOR PERSONAL DEFENSE

When it comes to the safety of you or your family, choose the shotshell load that delivers a threat-stopping combination of two distinct personal defense technologies: the PDX1™.

The 12-gauge Supreme Elite PDX1 features a distinctive black hull, black oxide high-base head and 3 pellets of Grex® buffered 00 plated buckshot nested on top of a 1 oz rifled slug. The result is the ideal, tight patterning personal defense load. The slug/buckshot combination provides optimum performance at short & longer ranges while compensating for aim error.

Gauge	Symbol	Shell Length	Velocity	Slug	Shot Size
12	S12PDX1	2-3/4"	1150	1 oz	00 Buck (3)
